Jewelry:

Centerpieces with be some silver with mostly golds. Brides jewelry will be mostly silver and crystal beads on the dress. Bride is wearing these from Cordelia's Christmas present to:

A big deal on two things:

No pearls and no smart/bulky watches in ceremony or photos

I prefer drop earrings to post earrings and would encourage girls to stay away from any statement necklaces but if you have something you want to wear let's talk!

Bridesmaid Shoes:

It is on a golf course so they said **no heels on the green** for photos or walking.

If you have a slit we will see your shoes in most photos.

I like a few of the following [Womens Sandals: Gladiator, Wedge & Straps | David's Bridal](#)

Comfort is key but refrain from making flip flopping noises down the aisle.

I'm wearing sparkly flats like:
