

Florist requests:

We have some additional things that we would like to add to our invoice. We understand that not all of these can be met but at this point we thought we would ask. 😊

Everything we add we would still like to be in our same style and theme. Blush, white, dark red and navy.

Updates:

- We are doing navy tablecloths and we are using the red sequins with the white tails at the wedding. They will be stunning!
- Bride will not be providing gold cubes, we will be using your centerpieces.
- We would like a few tall centerpieces please.
- Bride would like a 9-10 inch bouquet, with more cascading that previously requested.
- We do not need the special corsage for my aunt.
- The mothers want wrist corsages.
- We do not want the gems in the bouquet anymore because we will use one of my grandmothers broaches on the stems. Can you please add a piece of fabric so I can attach the broach?
- We would like a smaller boutonnieres for the men. Nothing too busy- per Kevin's request.

We would like to add this to our wedding floral order:

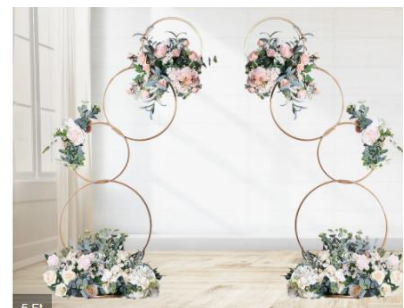

1. Please add some type of an arrangement on the welcome table. The sign is a table top sign 14inx18in free standing. It could have an arrangement on the top, or bottom or table.

2. Floral arrangement on 7foot gold hoop arch for seating chart and then for photos.

3. Two free standing hoop pillars behind the sweetheart tables. *5ft each

4. Just a few flowers for the cake.

5. A few flowers on the gold 3D Signs (2 signs say Cheers- at the bar & 3 signs say LOVE on tables)

6. Mr. and Mrs. Sign at the dessert table. (These are free standing but the photo is of them hanging)

7. Sign on easel in the back of the aisle: Brown Pick a seat either side... sign that is vertical. We would like the arrangement to be this type (not color). The top of the sign is 2 ft wide at the top. Can this then become the centerpiece at the sweetheart table? If not we would like something low for our sweetheart table centerpiece.

8. Can we please do the 2 stands grey with marble top arrangements AND the 2 larger arrangements on the ground and borrow your urns? We would like them in front at the gazebo and at the start of the aisle. What would your recommendation be on this? We wanted to add something for the aisle that would be brought into the reception so we didn't really want to use any décor on the chairs. Which size stand/arrangement would you put at the front of the aisle and what would you put at the back?

Questions for you:

1. What types of flowers are you planning on using?
2. We will have the total RSVP on June 18th. Is this okay to determine the # of centerpieces?
3. How many gold mercury votive holders will we have per table and how many candles should we get from Hobby Lobby?
4. Can the final payment be on card over the phone?
5. Do we pay you or is Solitude sending a bill for the chair sequins and tails?
