

Name: Key

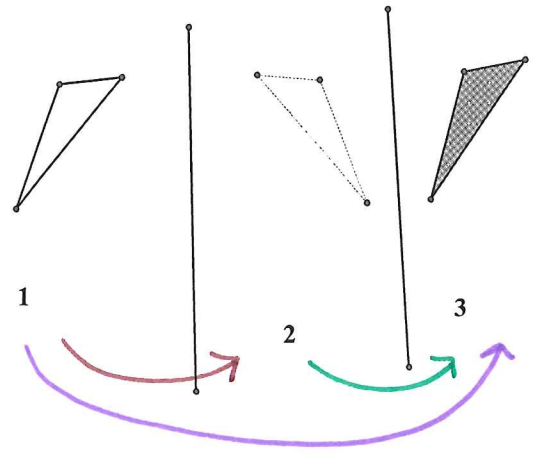

### Reflections over Two Lines

This is a composite of transformations.

From 1 to 2 the transformation performed is: reflection

From 2 to 3 the transformation performed is: reflection

From 1 to 3 the transformation performed is: translation

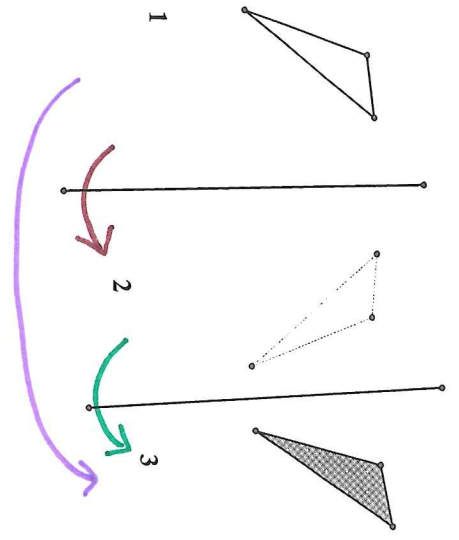

This is a composite of transformations.

From 1 to 2 the transformation performed is: reflection

From 2 to 3 the transformation performed is: reflection

From 1 to 3 the transformation performed is: translation

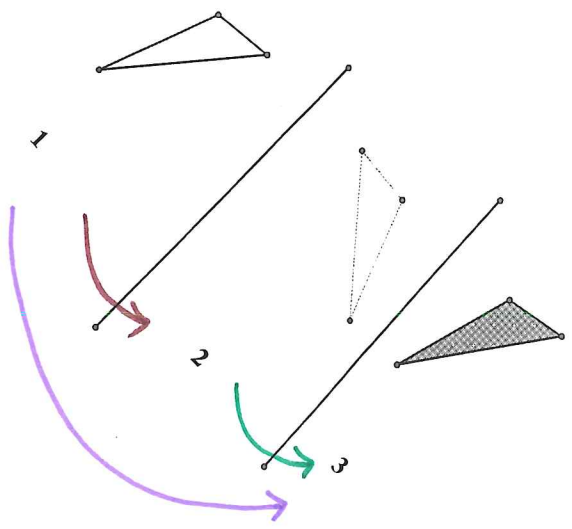

This is a composite of transformations.

From 1 to 2 the transformation performed is: reflection

From 2 to 3 the transformation performed is: reflection

From 1 to 3 the transformation performed is: translation

**CONCLUSION:** A COMPOSITE OF REFLECTIONS OVER TWO PARALLEL LINES RESULTS IN A translation.

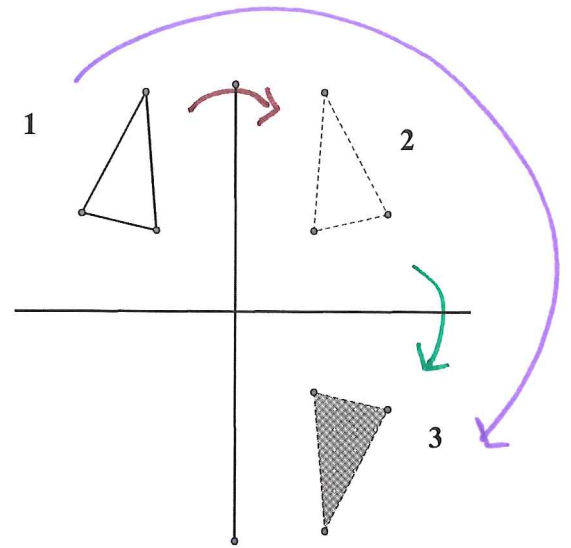

Name: \_\_\_\_\_

This is a composite of transformations.

From 1 to 2 the transformation performed is: reflection

From 2 to 3 the transformation performed is: reflection

From 1 to 3 the transformation performed is: rotation

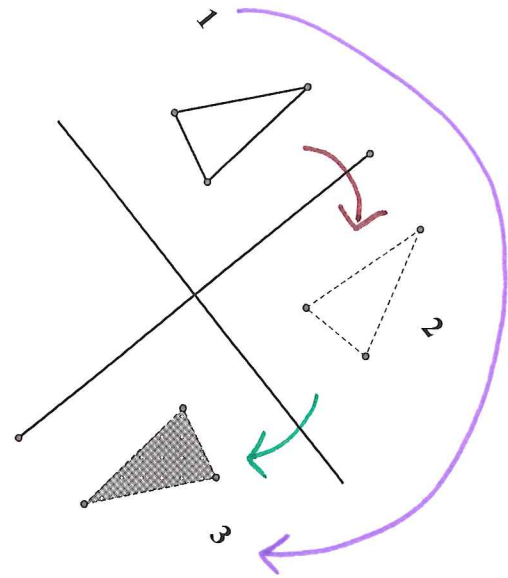

This is a composite of transformations.

From 1 to 2 the transformation performed is: reflection

From 2 to 3 the transformation performed is: reflection

From 1 to 3 the transformation performed is: rotation

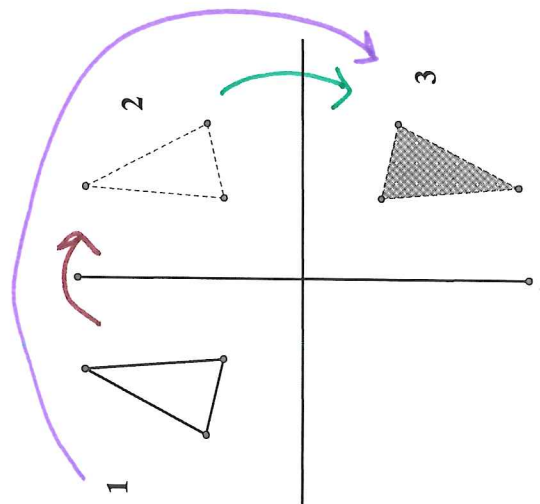

This is a composite of transformations.

From 1 to 2 the transformation performed is: reflection

From 2 to 3 the transformation performed is: reflection

From 1 to 3 the transformation performed is: rotation

**CONCLUSION:** A COMPOSITE OF REFLECTIONS OVER TWO PERPENDICULAR LINES RESULTS IN A rotation.
